**ORDER**

Before the Court is the Motion to Limit the Number of Asserted Claims [Docket Entry #88], filed by Defendants Little Red Wagon Technologies and Fixmo U.S., Inc. (collectively, “Defendants”). The Motion is **GRANTED**.

Visto Corporation Corporation d/b/a Good Technology (“Good”) initially alleged that Defendants infringed fifty-eight claims across five patents. Defendants moved this Court to limit the number of claims asserted to no more than ten. After the parties briefed the Motion, Good withdrew twenty-three of the fifty-eight claims.

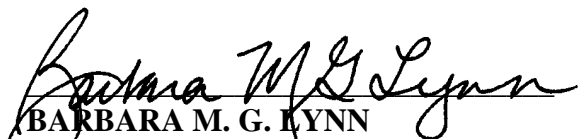

The Court **ORDERS** Good to further reduce the number of asserted claims to no more than ten. After the *Markman* hearing, however, Good may assert additional claims, and Defendants may assert defenses as to those additional claims, upon a good cause showing that they raise novel, non-duplicative issues of infringement or validity.

Accordingly, by October 29, 2012, Good shall file with this Court, and serve upon Defendants, a list of its selected claims. The deadlines for the claim construction process are modified as follows:

LOCAL RULE / EVENT	CURRENT DEADLINE	NEW DEADLINE
4-2 (Exchange of Preliminary Claim Constructions and Extrinsic Evidence)	October 19, 2012	November 5, 2012
4-2(c) (Meet and Confer for Purposes of Finalizing a Joint Claim Construction and Prehearing Statement)	October 23, 2012	November 9, 2012
4-3 (Joint Claim Construction and Prehearing Statement)	November 9, 2012	November 21, 2012
4-4 (Completion of Claim Construction Discovery)	November 16, 2012	November 30, 2012
4-5(a) (Opening Claim Construction Briefs)	November 21, 2012	December 4, 2012
4-5(b) (Responsive Claim Construction Briefs)	December 21, 2012	January 4, 2013
Claim Construction Hearing	January 28, 2013	January 28, 2013

**SO ORDERED.**

October 18, 2012.
